

Have a business idea?

Or a business that's outgrown the way it works?

— NUMI helps businesses build, improve, and grow through technology.

TWO STARTING POINTS

Wherever you are, technology can help.

STARTING SOMETHING NEW

—
"I have an idea for an app."

"I need an MVP."

"I don't know how to turn my idea into a real product."

"I need a developer who can help me figure it out."

RUNNING SOMETHING EXISTING

—
"We're doing too much manually."

"Our systems don't talk to each other."

"We've outgrown our current tools."

"Everything depends on me."

OUR APPROACH

We don't start with technology.

We start with the problem.

Whether you're launching something new or improving something that already exists, NUMI first understands what you're trying to accomplish. Then we determine the right technology solution.

Your goal

What's in the way

The right build

WHAT NUMI DOES

Build. Modernize. Grow.

BUILD

Turn ideas into digital products and software.

MODERNIZE

Improve workflows, systems, and operations.

GROW

Add technology, automation, and infrastructure for what's next.

HOW WE SOLVE IT

The right solution isn't always a custom app.

CONNECT

Use the tools you already have.

ENHANCE

Automate, integrate, and improve them.

BUILD

Create custom software when the right solution doesn't already exist.

A LEGITIMATE NUMI SOLUTION

Shopify + Calendly + Stripe + automation

ALSO A LEGITIMATE NUMI SOLUTION

Custom web application + database + APIs

WHO WE HELP

From first idea to growing business.

START

"I have an idea."

LAUNCH

"I need to build the first version."

MODERNIZE

"My business has outgrown its current systems."

GROW

"We need better technology to scale."

NUMI meets your business where it is.

PROCESS

A clear path from problem to solution.

- 01 DISCOVER** Understand your business, idea, users, and goals.
- 02 DEFINE** Identify requirements and what needs to be built or improved.
- 03 DESIGN** Create the experience, workflow, and technical solution.
- 04 IMPLEMENT** Connect, enhance, or build the technology.
- 05 LAUNCH** Test, launch, train, and support.

Let's build something *better*.
